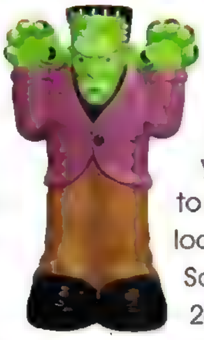
PREPARE... FOR HALLOWEEN COMIC FEST 2019!

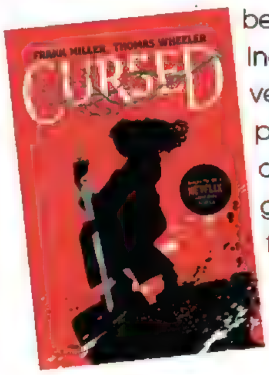
In late May and early June, I moved myself into a new house (it's an old house, actually, but "new" to me), and I think I can expect Trick or Treaters for the first time in a long time. Having lived in an apartment building with a locked front door, it was always problematic for the kiddies to get into the buildings in the area, so they went to the neighborhood down the street with real houses and real doors.



This year I'm going to decorate like crazy and do it up right! I have a three-foot-tall light-up Frankenstein that will be a major part of my display, and I'm determined to have the best treats on the block. Comic books, rubber monsters, Ultraman figures, and candy, of course. It's gonna be great!

And you too can prepare yourself for Halloween — and our annual *Halloween Comic Fest* — with our "HALLOWEEN IN JULY" celebration! We've got the best in horror and macabre comics and graphic novels, books, monster magazines, action figures, and more. And if you're a *Godzilla* fan (like me!), this year we have two special HCF exclusive items that you're going to want to pick up at your local comics shop on Saturday, October 26th: *Godzilla 1954* will be available cast in Glow-in-the-Dark vinyl, and Mechagodzilla 1974 will be cast in black vinyl. Each will be available in limited supplies at participating retailers. Elsewhere in ***PREVIEWS***, we'll be featuring a recommended reading list of Halloween-worthy comics and graphic novels, which you can find on page 244 of this issue.

Also, in this issue comics legend Frank Miller talks with us about his upcoming collaboration with writer Tom Wheeler for their illustrated young adult novel, *CURSED*. Co-authored and illustrated by Miller, *CURSED* is the source material for the upcoming 10-part Netflix series, that presents a unique new twist on the legend of King Arthur and the sword Excalibur, focusing instead on the Lady of the Lake herself, Nimue, in an origin story that features many characters from Arthurian legend. Check it out on **Page 394** of this issue!



And since this is July, and America, we'll be celebrating our Independence Day very soon. As always, please keep it "safe and sane" and don't get careless with those fireworks, folks!

Finally, one last thing: I'm sitting out San Diego Comic Con this year. It's just too much of a struggle, too crowded, too difficult to get exclusives, and without my pal Chris Cade in attendance, it's just not the same anymore. Maybe I'll revisit next year, but this year I am out. If you're going, I hope you have better luck and a great time. It still is one of Comics' most impressive gatherings...

Your Pal @ ***PREVIEWS***,

Marty

It's all work *and* lots of fun at the fictional Berke's Comic Shop in our new strip, ***Comic Shop Tales***! Come back each month for a new tale, and go online at ***PREVIEWS***world.com for more strips during the month!

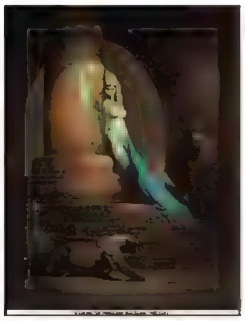
Where The Magic Of Collectibles Comes Alive!



Frazetta's Egyptian Queen Painting Sets $5.4 Million World Record at Heritage

Frank Frazetta is known for the highest caliber fantasy art and when his original work is auctioned, it inspires fierce bidding. His *Egyptian Queen* 1969 painting, one of his most important pieces, sold for an astounding world record $5.4 million at Heritage Auctions. It first appeared on the cover of *Eerie* #23 and is now the highest selling piece of comic art sold at public auction. Frazetta also held the previous record when his *Death Dealer 6* painting sold for $1.79 million in 2018, also at Heritage.

Jubilee: Blasting Baddies for 30 Years

Jubilee, created by Chris Claremont and Marc Silvestri, made her debut in *The Uncanny X-Men* #244 (May 1989). Born in Beverly Hills to prosperous Chinese immigrants, Jubilee was a talented gymnast with Olympic aspirations. Unfortunately, her parents were murdered and after running away from an orphanage, she began squatting in the Hollywood Mall. While evading security, she discovered her mutant ability to generate blinding and explosive energy blasts. After learning of her powers, Jubilee used them to entertain customers in the mall and earn money before she joined the X-Men.

Grateful Dead Concert Poster Nets $56,400 in Online Auction

Grateful Dead

A rare, high grade 1966 Grateful Dead "Skeleton and Roses" concert poster brought a world record price of $56,400 in an online auction held by Psychedelic Art Exchange. The poster had been independently authenticated and graded CGC 9.8. The poster was designed by the iconic artists duo of Alton Kelley and Stanley Mouse, and was used to promote two Grateful Dead concerts at the Avalon Ballroom in San Francisco. The famous "Skeleton and Roses" design would later be appropriated by the band as their logo.

ComicLink Announces CertifiedLink.com for Other Collectible Categories

ComicLink, the comic and original art auction house, has launched CertifiedLink.com. The new auction venue will specialize in other collectible categories, including certified coins (both US and ancient), trading cards, video games, and original movie posters. The auction house plans to add additional categories in the near future.

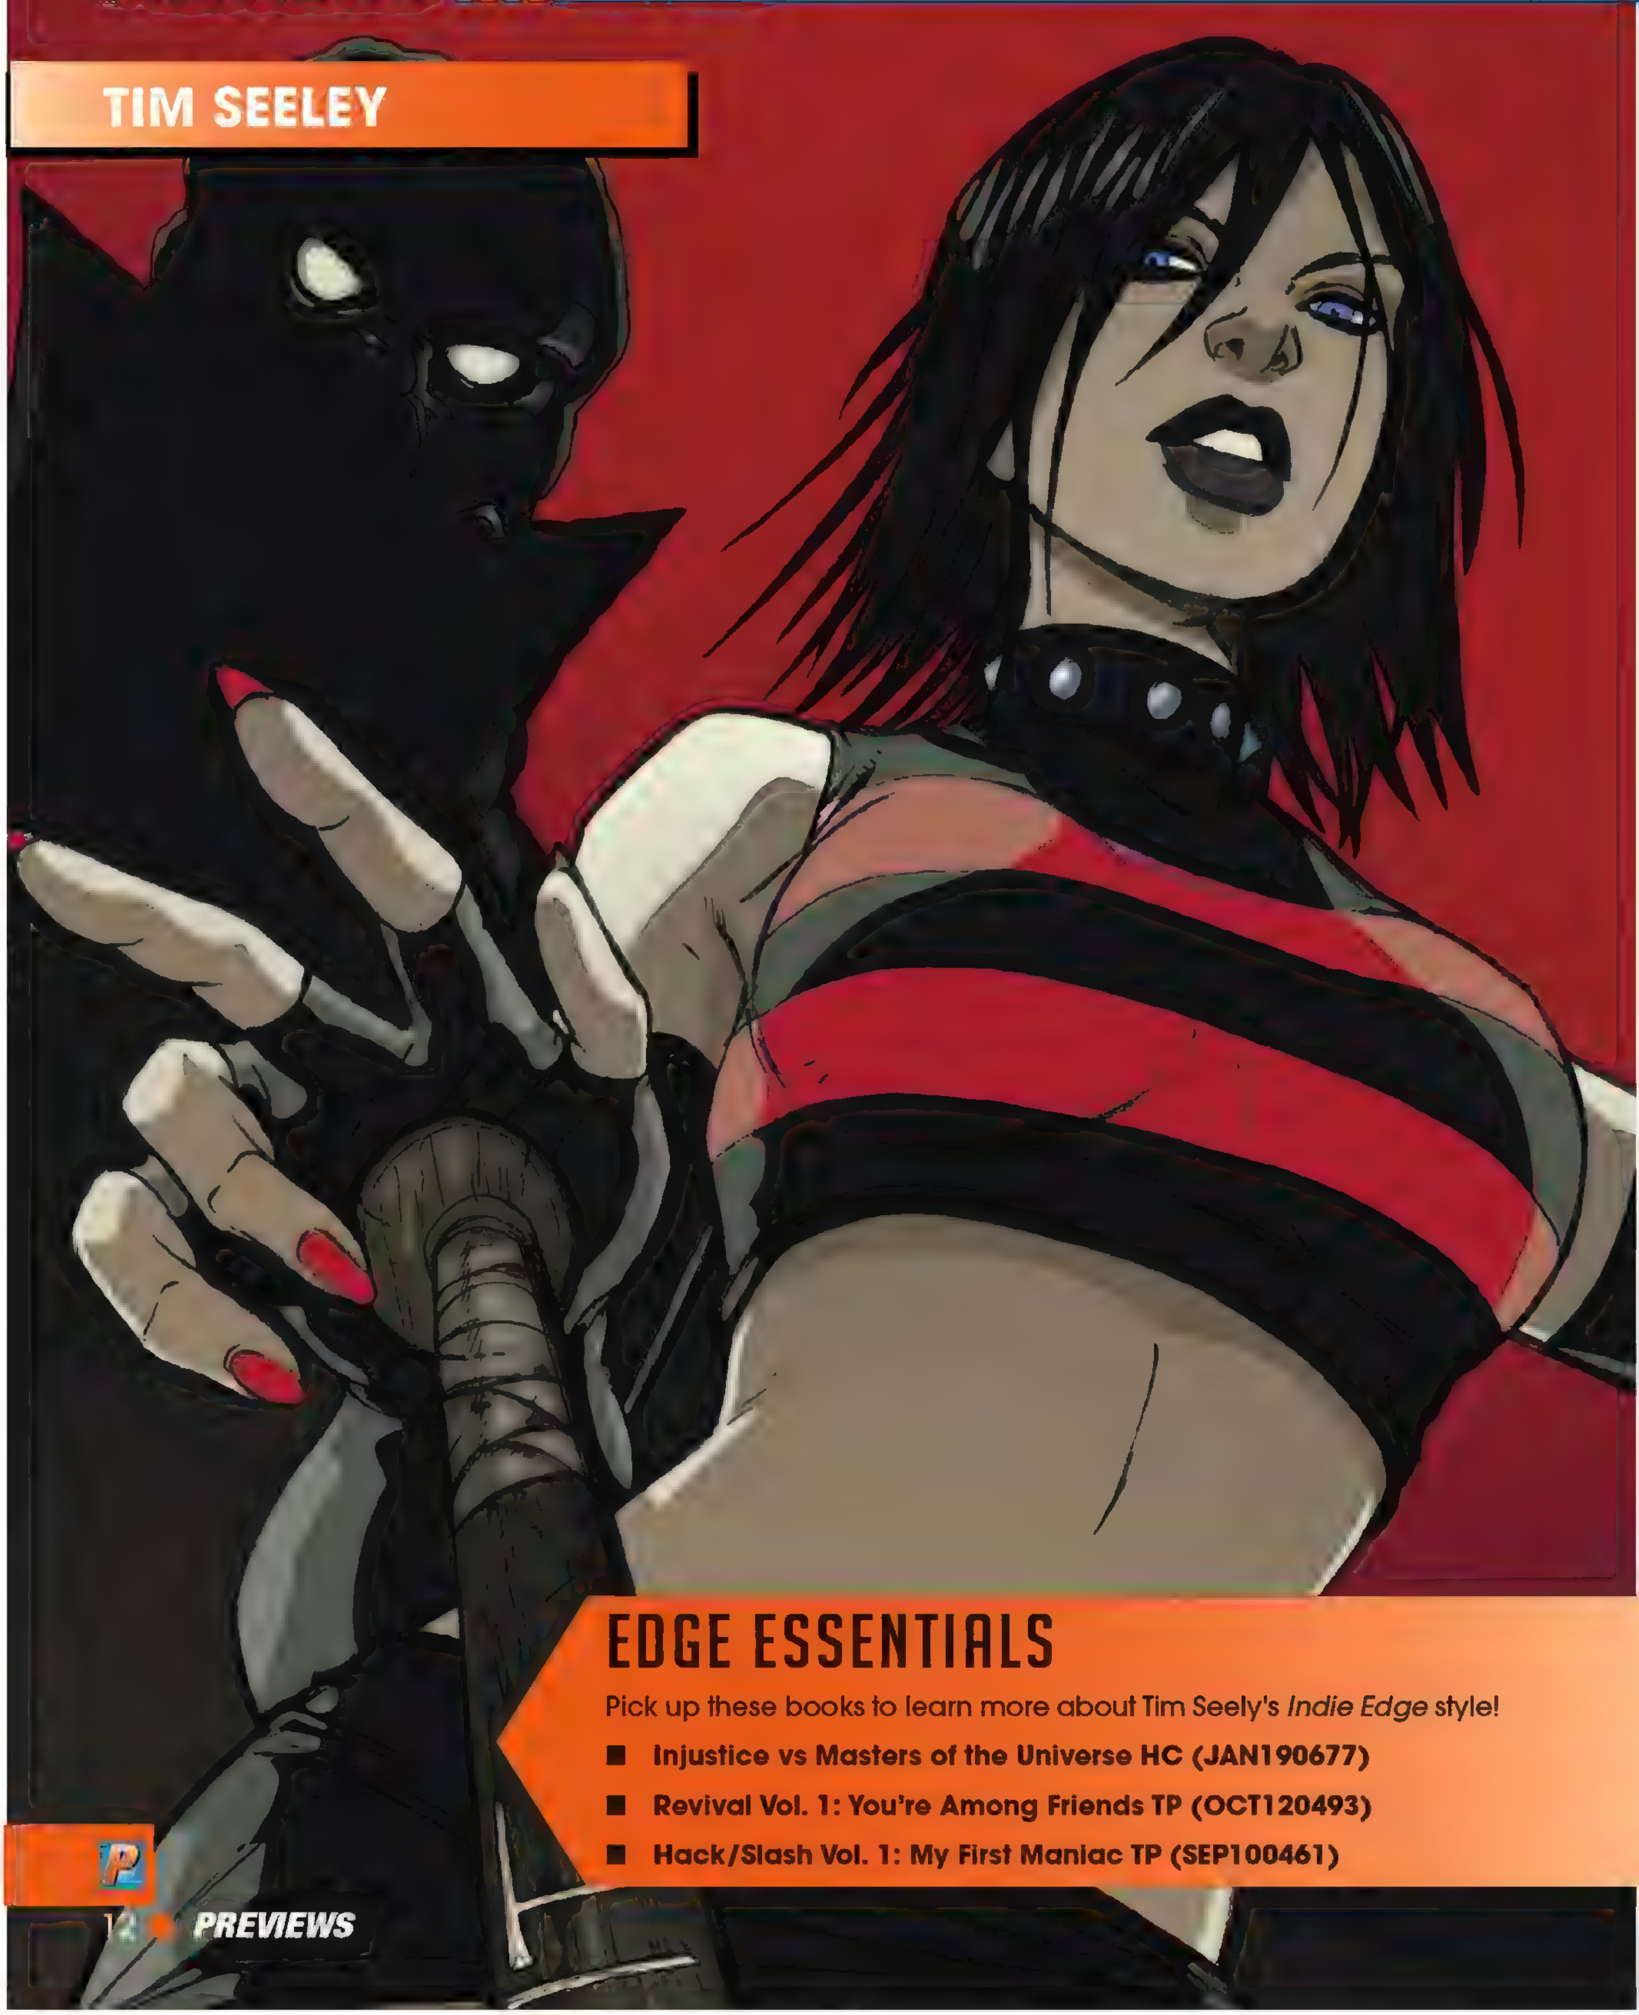
TIM SEELEY



EDGE ESSENTIALS

Pick up these books to learn more about Tim Seely's *Indie Edge* style!

- **Injustice vs Masters of the Universe HC (JAN190677)**
- **Revival Vol. 1: You're Among Friends TP (OCT120493)**
- **Hack/Slash Vol. 1: My First Maniac TP (SEP100461)**

Please tell us a bit about yourself!

Tim Seeley is one of those "slash" people... a writer-slash-artist. He has drawn a number of different comic book series including *G.I. Joe*, *Halloween*, *WildDCATS*, and *Ant-Man & The Wasp*. His writing work includes the *New York Times* best-selling *Hack/Slash*, *Nightwing*, *Dark Red*, *Injustice vs. Masters of the Universe* and the critically acclaimed *Revival*. He resides in Chicago, Illinois with his wife, Paola, and works at Four Star Studios where he is never far from his '80s action figure collection.

What are your favorite projects you've contributed to over the past decade?

Bloodshot (*Coming Soon!*) from Valiant, *Dark Red* (*#1 2nd Printing* / FEB198255) from Aftershock Comics, and *Revival* (*Vol. 1: You're Among Friends* / OCT120493) from Image Comics.

What are you currently working on?

The list of stuff I'm working on seems to get longer all the time! Let's see... I'm working on *Dark Red*, *Bloodshot*, *Swamp Thing*, and *The Crow / Hack/Slash*. I'm editing at *Heavy Metal* magazine, and there's a bunch of unannounced stuff I can't talk about right now!

What fun titles are you reading?

Wasted Space (Vol. 1 / JUL182293) from Vault Comics... smart and snarky sci-fi from Mike Moreci and Hayden Sherman that manages to pull off a heart of gold!

Sunstone (Vol. 1 / OCT140613) from Image Comics... a surprisingly sweet comic about kinks and fetishes by Stjepan Sejic. I like when a comic can play against society's expectations, and that's fully on display here along with lovely art.

Archer & Armstrong (A&A: The Advs. of Archer & Armstrong Deluxe HC / MAY182102) from Valiant Comics... I've been going back to read all of this in trades, and it's absolutely perfect for a good chunk of story. I love funny action comics, but there aren't that many of them. *A&A* is one of the best.

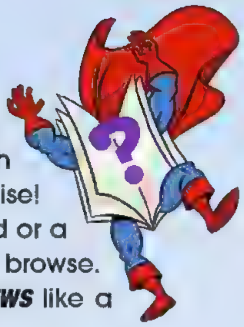
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

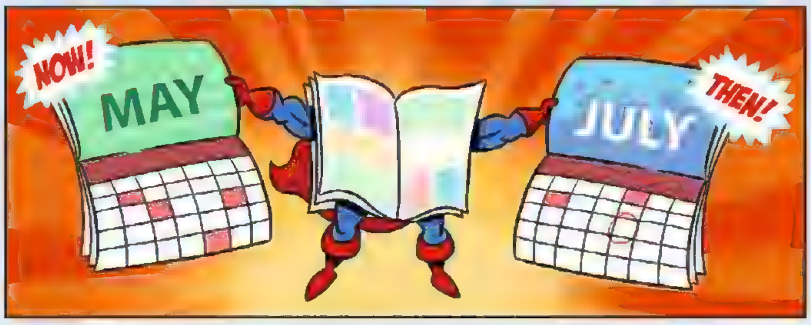
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

THE COSMOS WILL SHAKE AS KING THOR BATTLES LOKI THE ALL-BUTCHER

When a sword of unimaginable power falls into the hands of Loki, Thor prepares for one final, cataclysmic battle with his brother as Jason Aaron's seven year run on the God of Thunder concludes this autumn in Marvel Comics' *King Thor!*

In the far future, the universe is dying. Thor, after many battles and adventures, reigns over what remains of Asgard as its king. One of those battles pitted Thor against the God-Butcher, armed with his powerful weapon, All-Black the Necrosword, made from Knull, the First Symbiote. Loki has come into possession of the sword, and twisted by the sword's malevolent will he now calls himself Loki the All-Butcher. King Thor, the All-Father, has no choice but to confront his brother and oldest foe, now armed with an evil and unstoppable weapon, no matter the cost — his realm, his life, the universe itself!

Jason Aaron, whose epic run on *Thor* began seven years ago in *Thor: God of Thunder*, reteams with artist Esad Ribic to bring this epic saga of gods and humans, metal and magic, swords and science, to a cataclysmic and fitting climax in *King Thor*. Epic fantasy on a cosmic scale, *King Thor* is a must-read for Thor fans and lovers of heroic fantasy!

Nearing the end of his life, Thor must summon his power as a god of thunder one final time in Jason Aaron and Esad Ribic's *King Thor*, coming from Marvel this September!

TINA HORN AND MICHAEL DOWLING EXPLORE SEX WORK IN THEIR NEW IMAGE COMICS SERIES, *SFSX*

A journalist whose work explores "sex work, queer identity, kind communities, and cultural criticism," Tina Horn explores those issues with artist Michael Dowling in their dystopian science-fiction comic *SFSX (Safe Sex)* from Image Comics this September!

In the near future, sexuality has been legislated. Sexual autonomy and identity is regulated by the state. In an underground sex club, the Dirty Mind, a group of queer sex workers engage in a rebellion against the established order — who is the state to say whom and how one can love? Timely and important, *SFSX (Safe Sex)* challenges readers and asks important questions with a tale of people asserting themselves and their identities even under oppressive conditions.

Look for Horn and Dowling's *SFSX* #1 this September!

A department story, EVERYTHING, opens in a small town in Michigan. It's an event, glittering and new. No one can't not visit it and see all the wares on offer. And a mismatched pair — depressive Ron and loner Rick — may be all that stands between the small town of Holland and the darkness EVERYTHING brought with it!

A new series from Christopher Cantwell (*She Could Fly, Halt and Catch Fire*) and I.N.J. Culbard, *EVERYTHING* is the newest Berger Books release from Dark Horse Comics, a look at the (literal) dark side of American consumer culture!

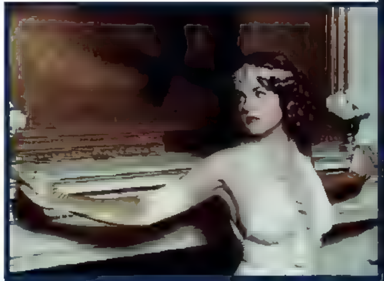
SHOCKING TRUTH & ANIMAL PASSION IN *THE ILLUMINATI BALL*!

In ***The Illuminati Ball***, celebrated creator **Cynthia Von Buhler** illustrates a world of power and cruelty, where human-animal hybrids created by the excesses of science seek to claim their rightful place in a secretive ball for the rich and powerful...

BASED ON THE HIT NYC THEATRICAL EXPERIENCE
THE
ILLUMINATI
BALL
CYNTHIA VON BUHLER

We tracked down the award-winning writer, artist, actress, producer, illustrator, and musician to illuminate the secrets of her surreal drama!



You can find out more about Cynthia's shows, including the immersive *The Illuminati Ball* itself, at **SpeakeasyDollhouse.com**

CYNTHIA VON BUHLER

What is *The Illuminati Ball*?

The original Illuminati was created to *illuminate* that which is hidden and secret – my book, *The Illuminati Ball*, sheds light on scientific truth. Recent gene editing advances have allowed the creation of chimeras: once-mythical creatures formed from various animals. Scientists have created spider-goats to better harvest spider silk, and human-pigs to grow transplant organs.

The scientific community only allows animal-human hybrids to grow as embryos, but my story imagines a rogue scientist who decided to let these embryos be born. In his lab, he crossed pigs, a chimpanzee, a mouse, a bird/fish, and a cow/spider with human DNA.

After horrific abuse and experimentation, they escape and come upon *The Georgia Guidestones*, a monument in Elbert County, which has "Die Illuminati Pigs" scrawled on it in graffiti. Pig King researches the Illuminati, and decides to hold this ball, to try and obtain power for the hybrids and all non-human animals.

Genetics, conspiracies, animal hybrids... What inspired you?

I saw photos from the legendary Rothschild's surrealist Illuminati Ball, from 1972. It drew elaborately masked guests such as Salvador Dali and Audrey Hepburn to the powerful couple's mansion in France. The costumes were intense – Audrey Hepburn wore a bird cage over her head and the Baroness wore a stag head with diamond tears. The cage and the tears made me think about the plight of non-human animals. Humans ruin life for those we share the planet with. I thought of Cecil the Lion and rich trophy hunters. I thought of emotionally intelligent pigs trapped in freezing trucks for slaughter. I thought about wild-born monkeys living at research facilities in tiny cages where they are infected with deadly diseases. Factory farming is horrific torture that wreaks havoc on the environment.

What if these animals were part human? Would that force humans to have more compassion? I decided to write a story with these thoughts swirling in my head, and *The Illuminati Ball* was born.

Do you have a favorite character?

I love Pig King's compassion... but I relate to Chumanzee's anger. They are both two sides of me, light and dark.

The Illuminati Ball is based on an immersive theatre event, right?

We have been holding *Illuminati Ball* immersive excursions at a waterfront estate outside New York City since 2015. Recently, we began holding much larger versions of the show in New York City. The ball explores the myth and mystery of the Illuminati, in conjunction with my story about these chimeras. Guests receive masks upon entry and take part in esoteric ritual ceremonies throughout the temple, with fire, music, provocative dance, and unique experiences unfolding continuously across three floors of interactive Illuminati-inspired rooms. All attendees must fill out an online application at *TheIlluminatiBall.com* before they can buy a ticket. We receive thousands of applications and tickets always sell out, so we advise applying soon if you wish to attend the show on **October 4th** during NYCC.

What makes graphic novels stand out to you, as a medium?

Graphic novels show emotion rather than state it – immersive theater is similar. Guests interact with characters and move within sets to experience the story even more deeply. You won't get the whole story at the show, because everyone sees different things depending on where and when they travel through the venue.

What's the message of this story?

The original Illuminati aimed to oppose superstition – they were outlawed by the Catholic Church, and the group disbanded. Since then, in a game of Telephone, the Illuminati has become known as a shadowy organization controlling the world like puppeteers. Its members are supposedly billionaires, presidents, rappers, and pop stars.

Ever since I started holding *The Illuminati Ball*, I have received thousands of letters offering me souls for fame, wealth, love, and power. After deep immersion in the supposed Illuminati, I've learned what it is. I know all about the chaos it can wreak on us... just not in the ways you might think. Nobody wants your soul.

I asked you here for **this**.
It was found in one of my guards last night.
I'm sure you recognize the seal.

A RADICAL SHIFT OF GRAVITY

writer **Nick Tapalansky**
artist **Kate Glasheen**

The world is changing. Gravity, a force everyone takes for granted, has begun to disappear. As a young journalist, Noah spends his days documenting the wondrous and terrifying shifts in the world around him. But Noah's life is changing, too. Falling in love and raising a rebellious daughter adds new meaning to life in this mysterious floating world. As he covers the invention of new sports, interviews experts, and even journeys into space, each experience shapes how Noah views the world and, in turn, his relationship with his family. And as his daughter grows older, Noah faces the challenge every parent dreads and dreams of: letting go.

A Radical Shift of Gravity is a science-fiction fable, a graphic novel that explores the ties that bind a family together, the forces that threaten to pull them apart, and the quiet beauty of a world where everyone is floating away.

MARILYN MANOR #4 (OF 4)

writer **Magdalene Visaggio**
artist/cover **Marley Zarcone**

In a manner of speaking, she was to the manor bored. So First Brat Marilyn Kelleher decided to throw an innocent little gathering of a thousand close friends and celebrities and trash the White House while President Dad was away on a trade mission. Throw in some cracked vinyl, a Ouija board, and a few dead Presidents, and the ultimate rager folds in on itself. The question remains —will Marilyn save the day or just save herself—with a little help from her own "Personal Jesus" in the final issue of the weirdest post-punk White House party of the 20th century.

Where were you in '81? Politics gets a taste of punk, new wave, and new romantic as First Daughter Marilyn Kelleher is about to throw the ultimate rager at the White House in this rollicking, coming-of-age graphic novel.

When the White House goes dark for 17 days in August, the President's rebellious daughter Marilyn and her best friend Abe (who claims she's possessed by the spirit of Abraham Lincoln) throw a rager at 1600 Pennsylvania Avenue, unearthing long dead historical figures (like Lincoln and Marilyn Monroe) and government secrets that are better off buried.

AN INTERVIEW WITH THE VAMPIRELLA/RED SONJA TEAM!

Without giving away the "why" or "how," what's the relationship like between Vampirella and Red Sonja? Are they allies? Enemies? Will their dynamic change, as the series progresses?

Vampirella and Red Sonja are like the buddy cop team we never realized we wanted or could have — thankfully (editor) Nate Cosby is pushing this tone with me and we're hoping to stick the landing on something funny, upbeat and mysterious. Vampirella and Red Sonja will begin as strangers but soon become fast friends that look to support and encourage the other one while basking in their clear differences all while being comical and maybe slightly murderous.

—JORDIE BELLAIRE (Writer, *Buffy The Vampire Slayer, Redlands*)

What's your approach to handling these two icons? How do you differentiate them artistically?

To be honest it was a bit intimidating at first. They contrast each other so much but also have similarities. Both characters are confident, strong and beautiful women but Vampirella has a elegant, seductive and inquisitive component to her character. While Sonja is fierce, staunch and almost predatory nature to her character. Vampirella's costume is sleek and minimal while Sonja's costume is very detailed and heavy. It is a wonderful juxtaposition!

—DREW MOSS (Artist, *Star Wars)*

How are you helping to set the tone of the story with your color? Is it a difficult task, to combine horror and adventure genres into one place?

I've been using more restrained and neutral colour palettes for the quieter moments in the story so that when it's time for those horror-adventure scenes, those moments can really shine. This also works to push Vampirella and Sonja to the forefront of every scene they're in. I want them to always clearly stand out as the most interesting and captivating people in the room, for both the reader and the other characters in the story. Colour can really help to reinforce tone and character details like this, even if it's not obvious, it's something that the reader feels on a more subconscious level.

—REBECCA NALTY
(Colorist, *Xena: Warrior Princess, GLOW*)

The series begins in the 1960s. Are you attempting to call back to that era of comics with your lettering style, is it a modern approach, or is it somewhere in between?

There's a lot of room within this story to create some really fun styles and I've been looking at a lot of 60's comics as inspiration for those, with some more modern touches. Somewhere in between sums it up!

—BECCA CAREY (Letterer)

LEAH WILLIAMS & DANIEL MAINE TALK CHASTITY!

What is your take on the Chaos! Comics franchise? There's something electric and daring about them, right?
Oh, absolutely! It's been called an "outsider" energy. And now helmed by Dynamite, characters like Chastity and Evil Ernie still carry their own unique legacies and mythology. Daring, sexy and often horrifying.

As a writer, what appeals to you about Chastity specifically? And how do you hope for readers to connect with her?
She is a beautiful, big-boobed and badass vampire. That alone is enough to pique my interest, but Chastity herself is fascinating to me because she's a former Olympic gymnast, and has maintained her sense of morality. In her original iteration she was an actress. This "performer" part of her character is especially intriguing to me—I want to explore the effects that her vampirism has on what was already a young woman's sense of exhibitionism in either origin story. How does being a vampire and clinging to the shadows change that? To me, these contrasting qualities provide an interesting conflict to explore.

Your last projects for Dynamite were the Barbarella/Dejah Thoris series and the Vampirella Valentine's Day Special. How do you think Chastity would get along with those other three kickass women?
Chastity would get along easily with Vampirella and Dejah Thoris. Vampi for obvious reasons, but Princess Dejah is an excellent diplomat who can and will be able to get along with anyone should she need to. If they were in a situation where their lives weren't under immediate threat, I could see Dejah being amused by Chastity's personality. However, Chastity would absolutely butt heads with Barbarella. Barb is this cool, calm, pansexual space James Bond but Chastity is a baddie and a brawler, more of a rough and tumble vibe. She doesn't open up to people and her goth/punk aesthetic is another kind of performance — one meant to be a warning. All of this would exhaust Barbarella.

Daniel, many artists have left their mark on Chastity. Legends like Ivan Reis, Ed Benes and Emanuela Lupacchino. Are you taking any inspiration from them or other artistic sources from within or outside of comics?
I think that if you have been reading and drawing comics long enough it is impossible not to be influenced by great artists. Mine are wide-ranging, including Stuart Immonen, Carlos Pacheco, Jesus Merino, Olivier Coipel & more. And Nick Bradshaw, whose cover greatly impacted Chastity's new look for this series.

How would you describe your approach to this story and characters?
It is funny because I remember the comics here in Spain but I really discovered these characters in the pages of Wizard Magazine. As a fan of TV shows like Buffy the Vampire Slayer and Angel, I am going to enjoy drawing every single page of the incredible stories Leah Williams has written for this book.

Trade Paperback

FC | 328 pages | $29.99 | Superheroes | Mature | 9/11

writer: Garth Ennis
artists: Darick Robertson, John McCrea, Russ Braun
cover: Darick Robertson

So where are the real superheroes? The warriors for truth and justice, the defenders of the American way, the heroes who fight to make things right and ask for nothing in return? Hughie finds out when he meets the teenage adventurers known as SUPERDUPER... but unknown to the little Scotsman, Butcher has finally learned his secret. A dire scheme is set in motion, and at the vast superhero evangelist festival of BELIEVE, Hughie's relationship with Annie January - aka Starlight of the Seven - reaches its terrible conclusion.

Next... a special story featuring everyone's favorite pint-sized Scotsman, Hughie. Mind reeling from cataclysmic events in New York, Wee Hughie heads home to Auchterladle — the semi-idyllic Scottish seaside town where he grew up. All Hughie wants is some time to himself, to return to the bosom of family and friends, and get his head together after two years of unimaginable chaos. But our hero's luck has always been more cloud than silver lining, and the familiar surroundings he craves are not all they might be. Old pals are warped beyond recognition, strangers in town are up to no good, and a figure from Hughie's recent past has come back to resolve some unfinished business. You can go home again - but whether or not you should is another matter entirely.

Joyce Chin art

On the way to C2E2, artist JOYCE CHIN suffered a subarachnoid hemorrhage (stroke), exacerbated by a broken ankle from the resulting fall. Thankfully, Chicago's Presence Resurrection hospital was able to perform surgery and provide care. She reports that she has not experienced any noticeable loss of function, a great blessing for such a well-regarded artist! Unfortunately, she could use fans' help with the medical costs, and we at Dynamite have coordinated our own efforts to help raise these needed funds.

Available signed and unsigned, this lithograph beautifully displays Joyce's first work on the Daughter of Drakulon, originally a variant cover for Vampirella (2001) #20. Beyond the clean, gorgeous central figure, the piece amazes with endless detail in Vampi's hair and the lush background. Such detail will be reproduced in high quality on an 11" by 17" lithograph print.

AVAILABLE SIGNED BY ARTIST JOYCE CHIN

Profits from these limited-edition lithographs will go towards Ms. Chin's fund-raising efforts, helping her with medical fees and time off from work. Funds raised in excess of Joyce's needs will go toward the Hero Initiative, the noted not-for-profit organization set up to assist comic creators with health, medical and quality-of-life assistance.

One thing young Cecil was sure of from the minute she saw Star Wars was that she was going to be some kind of artisté. Probably a filmmaker. Possibly Steven Spielberg. Then, in 1980, the movie Fame came out. Cecil wasn't allowed to see that movie. It was rated R, and she was ten. But she did watch the television show and would pretend with her friends that she was going to that school. Of course they were playing. She was not. She was destined to be an art school kid.

Chronicling the life of award-winning young adult novelist and Eisner-nominated comics scribe **Cecil Castellucci**, with art by some of the most original illustrators in comics, **Vicky Leta**, **Jon Berg**, **V. Gagnon**, and **Melissa Duffy** taking on different era of her life, ***Girl On Film*** follows a passionate aspiring artist from a young age through adulthood.

Fisch & Daughters Appetizer

Location. Manhattan – Lower East Side

Jewish appetizers are stores that serve food to eat with bagels. You can order your **bagel** toasted, with a schmear (Yiddish for cream cheese spread), **a schmear and lox**, which is salmon that has been salted and smoked, or even some **herring**. Your bagel would go well with an **egg cream**, a creamy, frothy drink made by mixing milk, chocolate syrup, and seltzer water. While you're at it, maybe order some **latkes**–fried potato pancakes–which taste amazing with sour cream or apple sauce.

If your dinosaur doesn't like bagels, you can order a basket of bialys, baked rolls flavored with chopped onions. Finally, try the **halva**, a candy made from sesame seeds.

"*A moltsayt on a tsimes is vi a mayse on a moshl.*" That's a Yiddish saying that means, "A meal without something sweet is like a story without a moral."

The moral of this story is, eat dessert!

Freya's friendly and outgoing, and immediately super popular around camp in a way our favorite bratty ancient Greek can't stand… she must be up to something! Right? Nobody's that nice!

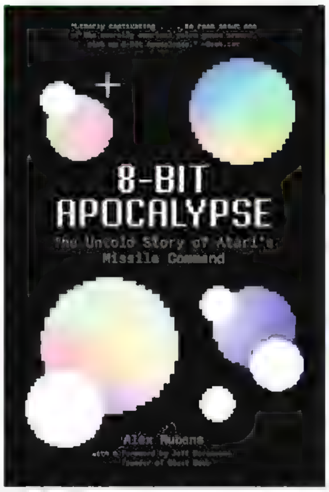
8 BIT APOCALYPSE: THE UNTOLD STORY OF ATARI'S MISSILE COMMAND SC



(W) Alex Rubens

With the advent of the arcade, Atari Inc. and its iconic game, *Missile Command*, were at the forefront of the industry's explosion, helping usher in both the age of the video game and the gamer lifestyle. Alex Rubens delves into electronic history to tell of an era when arcade games were designed, written, and coded by individual designers. He interviews major figures including Atari founder Nolan Bushnell and *Missile Command* creator David Theurer, who suffered from frequent nightmares of nuclear holocaust as he worked on the game. The first in-depth, personal history of the era, *8-Bit Apocalypse* combines Rubens's tech industry knowledge and experience as a gaming journalist to conjure the wild silicon frontier of the '80s. RAHZZAH incentive cover

Oliver Flores and his stepfather, Nomar Perez, were turning right onto Midnight Vista Road when they were both abducted by aliens.

To Oliver's mother, they were just missing. To the police, they were declared legally dead. And to everyone else growing up in Albuquerque, Oliver Flores was the "Milk Carton Kid". His life was the cautionary tale of an eight-year-old who was kidnapped and killed by his stepdad while out for ice cream.

But now—years later—a fully grown Oliver walks back into town. He has been returned...and he remembers everything.

Based on a very personal, true story from writer Eliot Rahal (HOT LUNCH SPECIAL), with out-of-this-world art from Clara Meath, MIDNIGHT VISTA will make you believe in little grey men.

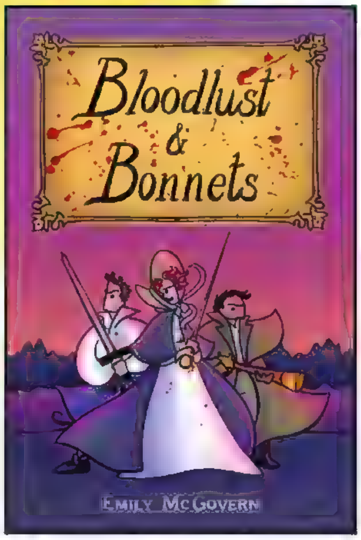
BLOODLUST & BONNETS GN



(W/A) Emily McGovern
From the creator of the hit webcomic *My Life As a Background Slytherin* comes a hilarious graphic novel pastiche of classic Romantic literature led by a trio of queer misfits and several angry vampires. Set in early nineteenth-century Britain, *Bloodlust & Bonnets* follows Lucy, an unworldly debutante who desires a life of passion and intrigue-qualities which earn her the attention of Lady Violet Travesty, the leader of a local vampire cult. But before Lucy can embark on her new life of vampiric debauchery, she finds herself unexpectedly thrown together with the flamboyant poet Lord Byron and a mysterious bounty-hunter named Sham. The unlikely trio lie, flirt, fight, and manipulate each other as they make their way across Britain, disrupting society balls, slaying vampires, and making every effort not to betray their feelings to each other as their personal and romantic lives become increasingly entangled. SPOTLIGHT ON

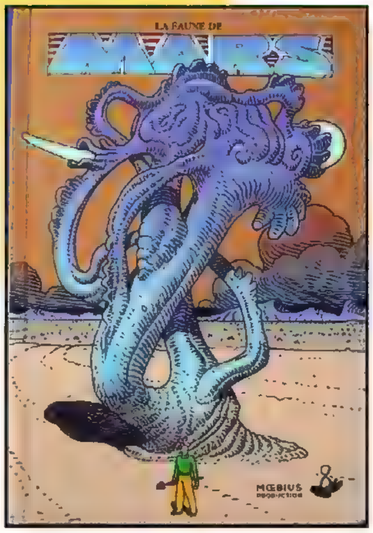
LA FAUNE DE MARS (MARTIAN WILDLIFE) HC



(W/A) Moebius

This classic Moebius book now has extra content including 20 color pages never previously released. "Everyone knows by now that Mars is sterile. Yet still we send at great cost robots equipped with small shovels that stubbornly dig remote arid soil in the hope of finding huddled fossils of ancient bacteria. I found it easier and less costly in terms of technology investment to get hold of a blank book and leave the pen running over the paper at random as if in a dream. Of course, this method of another age is far from providing the necessary scientific guarantees and I have not even tried to get a thesis in 'Science and Life.' Yet this book does exist and the strange creatures that inhabit its pages also exist with it and within it." - Moebius (STL129413)

LE MAJOR (THE MAJOR) HC (EXPANDED EDITION)

(W/A) Moebius

Working in a style dear to him and heavy with uncompromising improvisation, this sketchbook weaves between casual and intense graphic styles and was drawn by Moebius between 1997 and 2009. The protagonist of this pseudo-historical story, Major Grubert, evolves both philosophically and humouristically in a context echoing the brilliant "Inside Moebius" series. Taking another journey through the fabulous web like world of the Airtight Garage, several guest appearances are slipped between the pages of this book, including the likes of Lorenzo Mattotti, François Avril, André Juillard, William Vance, Sylvio Cadelo, as well as Isabelle Giraud and their children, Raphaël and Nausicaä. Joe Quinn has been telling everyone about the poltergeist in his house, but no one believes him. No one, that is, except Davie. And there's something else...a memory of Davie's beloved sister and a feeling deep down that it might just be possible for ghosts to exist. Aimée de Jongh, one of the brightest new talents in Europe, creates her first autobiographic work, focusing on taxi rides from four cities: Los Angeles, Paris, Jakarta, and Washington, DC. Despite the stunning and detailed streetscapes she passes, de Jongh discovers she's more interested in the cab drivers than the view from the backseat. As the drivers slowly open up about their personal lives, de Jongh does too, even when it means challenging her own ideas and prejudices. Through these vulnerable, and often humorous, moments, de Jongh finds common ground with the people driving her. *Taxi* is an ode to taxi drivers everywhere. (STL128389) (C: 0-1-0)

During the German occupation of France, he thought his influence could keep his family safe, but he soon finds that the only way to stay one step ahead of the Nazis is to keep his friends close and his enemies closer. 007 MAGAZINE EXHIBITORS PRESSBOOKS VOLUME 3 SC

Exhibitors' Campaign Books/Pressbooks have been around as long as there have been movies, and have always featured an eclectic mix of elements helping to promote a film. The Bond campaign books were mostly laid out in a portrait format. In the United States these publications were called Pressbooks and were completely different in content to their UK counterpart. By the time Agent 007 returned to UK cinema screens after a six-year hiatus in 1995 with GoldenEye, the Exhibitors' Campaign Book had been discontinued, replaced by Spirex-bound marketing manuals and electronic press kits on VHS videocassette, and eventually CD-Rom, and DVD. Surreal and sadly relatable one-panel comic suggestions about how to live life. In just a few weeks, on July 17, 2019, *The Overstreet Comic Book Price Guide* #49 will be released. The new edition's debut is always a good time to think about how we got here.

The comic market was really taking off in the 1960s. Prices were escalating rapidly. Almost any 10¢ comic was worth money, but there were a lot of details that were basically unknown and there was still a lot to be discovered about comics. Most importantly, there was no single source of information to go to in those days.

I began putting together the page format of what a guide would look like, and what would go into it. I was trying to get somebody interested in putting out a price guide because we needed one. I kept typing up information, putting it in price guide form, and showing it around to people. Nobody wanted to do it. It was too much work, they said.

I went through every piece of information that I had accumulated up to that time, which was quite a few years' worth of material. I had a lot of price lists, all the back issues of *Rocket's Blast-Comic Collector,* Bill Thailing's catalogs, fanzines and every other bit of information I had.

The first *Guide* was published in 1970. The print run on the first book was 1,000, and on the second printing it was 800 (a copy of that first printing sold for an incredible $9,000 at Heritage Auctions on November 15, 2018).

That's the first time anyone had put comic book retail values in a book and published it. There was a lot of criticism about the prices being too high, and there was a lot about them being too low. But everybody bought the book. That was the main result; the book was accepted.

When I did the first book, I didn't think I'd have to do another one. I hadn't thought about having to do this book every year, but here we are, one year away from #50!

FROGCATCHER GN

(W/A/CA) Jeff Lemire
Experience a surreal descent into one man's psychosis in this haunting and chilling graphic novel from Jeff Lemire, the *New York Times*-bestselling author of *Roughneck* and *Sweet Tooth*. A man wakes up alone in a strange room with no recollection of who he is or how he got there. The padlocked doors and barren lobby reinforce the strangeness of this place. This is, as he reads from an old-fashioned keychain beside his bed, the Edgewater Hotel. Even worse, something ominous seems to be lurking in one of the rooms. But when he meets a young companion-the only other soul in this vast, enveloping emptiness-his new friend begs him not to unlock the door. There must be something behind it...but what? But soon something strange begins to happen: Tichy's past and future selves appear. And rather than helping one another, they bicker and fight as they crowd into the tiny vessel. Will Tichy stop fighting with himself long enough to save his own life? This sharply comical story by world-renowned science-fiction writer Stanislaw Lem has been adapted into a brilliant graphic novel by Caldecott Honor and Eisner Award-winning artist Jon J Muth. Too cool for school... or the least groovy girl in the grade? Sunny's just made it to middle school, and it's making her life very confusing. All her best friend Deb wants to talk about is fashion, boys, makeup, boys, and being cool. Sunny's not against any of these things, but she also doesn't understand why suddenly everything revolves around them. She's much more comfortable when she's in her basement, playing Dungeons & Dragons with a bunch of new friends. Because when you're swordfighting and spider-slaying, it's hard to worry about whether you look cool or not. Especially when it's your turn to roll the 20-sided die. WHY COMICS? FROM UNDERGROUND TO EVERYWHERE HC

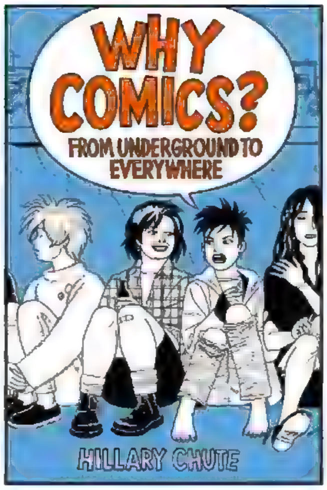
(W) Hillary Chute
(CA) Jaime Hernandez



Over the past century, fans have elevated comics from the back pages of newspapers into one of our most celebrated forms of culture, from *Fun Home*, the Tony Award-winning musical based on Alison Bechdel's groundbreaking graphic memoir, to the dozens of superhero films that are annual blockbusters worldwide. What is the essence of comics' appeal? What does this art form do that others can't? Hillary Chute chronicles comics culture, explaining underground comics (also known as "comix") and graphic novels, analyzing their evolution, and offering fascinating portraits of the creative men and women behind them. BORN TO DRAW COMICS: THE STORY OF CHARLES SCHULZ AND THE CREATION OF PEANUTS HC

(W) Ginger Wadsworth (A) Craig Orback

As a child, Charles Schulz split his free time between adventures outdoors with his friends and dog Spike, and daydreams and doodles inspired by the comics he loved to read. He longed to become a professional cartoonist, but saw his dreams deferred by unexpected challenges that laid ahead: military deployment to the European front of World War II, and the heartbreak of a family tragedy back home. Even so, Charles never lost sight of the hopeful joy of his early years and his love for Spike, both of which inspired *Peanuts*. The comic strip went on to become the most popular and influential in comics history. (STL128845) (C: 1-1-0)

GLADYS PARKER
A life in comics and a passion for fashion
Hermes Press

(W) Trina Robbins
(A) Gladys Parker
Cartoonist Gladys Parker was unique in comics. As with Frida Kahlo, it was impossible to tell where her art left off and its creator began. Parker mixed fashion and comics and created classic characters that mimicked her sense of fashion. In fact, Parker was an exact double for her ink-and-paper creation, *Mopsy*. Only Gladys Parker was a fashion designer with a successful line of clothing while at the same time drawing an equally successful comic strip. Parker's dresses bearing the Gladys Parker label were sold at her own New York shop and at high-end department stores across the country. Who better to chronicle the story of Gladys Parker than comics herstorian Trina Robbins, who in the 1960s designed clothes for hippies and rock stars out of her East Village boutique, while drawing underground comix? THE INVISIBLE EMPIRE: MADGE OVERHOLTZER AND THE UNMASKING OF THE KU KLUX KLAN GN

(W) Micky Neilson
(A) Marc Borstel, Todd Warger

In 1925 the KKK in Indiana counted one third of the state's white population among its ranks. It was seen as a very patriotic, pro-working class organization. However, the case of Madge Oberholtzer would change that forever. Madge worked for D.C. Stephenson, a powerful politician in Indiana and former KKK Grand Dragon who led a coup dividing the Northern Klan. On March 15th, Stephenson and his henchmen abducted Madge at gunpoint and took her to Chicago, where Stephnson called himself the "law in Indiana" and proceeded to brutally beat and victimize her. Before succumbing to her injuries, Madge provided a full statement of her abuse, exposing the depths of Indiana's political corruption and lay bare the true face of the Ku Klux Klan, a revelation that would have a ripple effect on America's impression of the Klan from that day forward. FATHER & SON OMNIBUS: REALITY SOLDIERS SC

(W/A/CA) Jeff Nicholson

Way back in the "ironic" 1990's there was a bit of nostalgia for the 1970's in popular culture. Now here we are in the 2010's and can wax nostalgic (ironically or not) about the 1990's, thanks to this *Father & Son Omnibus* collection. So turn off that smart phone and return to those fun-filled "sucky days" of self-righteous baby boomer father vs. grunge-era slacker son, as only the mind of multiple Eisner Award nominee comics veteran Jeff Nicholson could put forward. This battle of the generations eventually comes to a surreal all-out humor war, involving a few impossible and absurd deaths. Afterword by comic book legend Stephen R. Bissette. (STL127852)

WHITE BIRD: A WONDER STORY GN

FI

(W/A/CA) R.J. Palacio

Inspired by her blockbuster phenomenon *Wonder*, R. J. Palacio makes her graphic novel debut with an unforgettable story of the power of kindness and unrelenting courage in a time of war.

In R. J. Palacio's bestselling collection of stories *Auggie & Me*, readers were introduced to Julian's grandmother, Grandmère. Here, Palacio tells Grandmère's heartrending story: how she, a young Jewish girl, was hidden by a family in a Nazi-occupied French village during World War II; how the boy she and her classmates once shunned became her savior and best friend. Sara's harrowing experience movingly demonstrates the power of kindness to change hearts, build bridges, and even save lives. As Grandmère tells Julian, "It always takes courage to be kind, but in those days, such kindness could cost you everything." With poignant symbolism and gorgeous artwork that brings Sara's story out of the past and cements it firmly in this moment in history, *White Bird* is sure to captivate anyone who was moved by the book *Wonder* or the blockbuster movie adaptation and its message. In the witch kingdom Hyalin, the strength of your magic is determined by the length of your hair. Those that are strong enough are conscripted by the Witch Guard, who enforce the law in peacetime and protect the land during war. However, those with hair judged too long are pronounced enemies of the kingdom, and annihilated. This is called a witch burning.

Nyneve is a young witch who is haunted by the death of her father and the threat the Witch Guard poses to her own life. When conscription rolls around, Nyneve has a choice to make; join the institution complicit in her father's death, or stand up for her ideals?

A NOTE FROM THE CREATOR

Dear Reader,

I started making *Witchy* as a webcomic five years ago, after my first year of university. Tired of never seeing characters that looked like me, I decided to make a fantasy world where Asian characters and cultures—especially those not usually explored in western media—were at the front and center of the story. I wanted, too, to write a story with relationships between women at its core. Although the story of *Witchy* is still unfolding as I write this, and I'm still discovering every day what it's about, I think I've at least succeeded at these goals.

Since starting *Witchy,* I've spent three years studying animation in Denmark, interned at a couple of studios, and even storyboarded on a feature film. Looking back at these chapters now, they seem like they're from so long ago—I made most of them before I started art school. Still, I'm inspired by the excitement and raw passion of a younger me that I see within those pages, and I hope you'll enjoy them like I still do.

Thanks for reading!

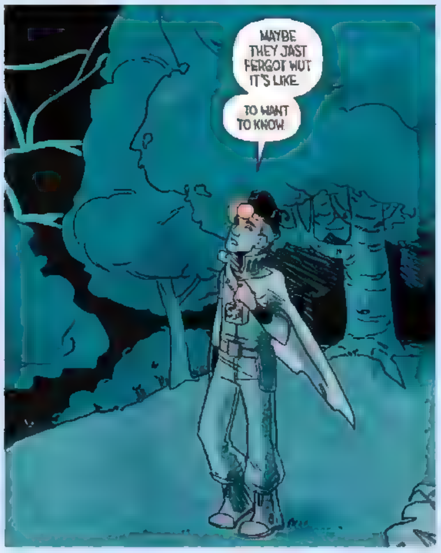
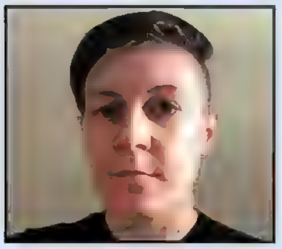
In the village of Bezkamp, laws, land, rituals, and warriors are sacred. The written word is banished. Nem, son of one of Bezkamp's strongest warriors, shows no signs of fire or strength. Forced to follow in his father's footsteps, Nem must venture beyond their village walls in order to save land from being corrupted by the dangerous and toxic Crig beasts. As Nem begins to see more of their planet, he'll begin to uncover the truth behind the village's lies and start to fight for truth.

A NOTE FROM THE CREATORS

"I'm really interested in language, how it sounds, and the way that it changes over time based on what's happening in one's culture. I became especially interested then in what would happen if people weren't allowed to record their ideas on paper, how words wouldn't just adapt in terms of their usage and pronunciation, but their root meanings would start to wear away, and that would in turn affect the society they live in." **- *Samuel Sattin***



MAYBE THEY JAST FERGOT WUT IT'S LIKE
TO WANT TO KNOW.



"I found it incredibly hard to stay away from *Nausicaa* as a visual touchstone for *Bezkamp*, and at some point, I just accepted that it was going to be in the book's blood. I also was very inspired by the original *Star Trek*'s costuming and set design, and what that aesthetic would look like if it was passed down thoughtlessly, like a game of telephone, from one generation to the next." **- *Jen Hickman***

He soon becomes friends with the first officer, acting as a captain because the commander of the ship has apparently absconded with the ship's treasure. Abel returns to England with the *Explorer* and finds accommodation at the inn run by the fugitive captain's three daughters. Well before he can recover his memory, however, he will discover something deeply disturbing about himself, and he will understand the true nature of some of the people who helped him. Presented in a handsome old style, worn-looking hardcover, as if taken from a ship captain's library. An uplifting, enthralling escape. (STL128931)

D-DAY: STORMING FORTRESS EUROPE GN

(W) Jack Chambers (A) Esteve Polls

Join the invasion of Normandy with D-Day, a fully illustrated account of the Allied landing that changed the direction of World War II. The soldiers who stormed the beaches on June 6, 1944, paved the way for the liberation of Europe and forced Hitler to fight a war on two fronts. One of the largest amphibious military offensives of all time, more than 4,000 troops lost their lives that day to free Europe from Hitler's oppressive control. See what it was like for Allied soldiers to exit their landing craft and wade through the water under machine gunfire and exploding mortars. Their sacrifice and ultimate victory turned the tide of the Second World War. (STL128894) (C: 0-1-0)

RUSTY BROWN HC GN

(W/A/CA) Chris Ware

A major graphic novel event more than 16 years in progress. *Rusty Brown* is a fully interactive, full-color articulation of the time-space interrelationships of three complete consciousnesses in the first half of a single midwestern American day and the tiny piece of human grit about which they involuntarily orbit. A sprawling, special snowflake accumulation of the biggest themes and the smallest moments of life, *Rusty Brown* literately and literally aims at nothing less than the coalescence of one half of all of existence into a single museum-quality picture story, expertly arranged to present the most convincingly ineffable and empathetic illusion of experience for both life-curious readers and traditional fans of standard reality. From childhood to old age, no frozen plotline is left unthawed in the entangled stories of a child who awakens without superpowers, a teen who matures into a paternal despot, a father who stores his emotional regrets on the surface of Mars and a late-middle-aged woman who seeks the love of only one other person on planet Earth. Sophia Campos is only just getting used to her new life with her divorced dad and managing their busi-ness of helping ghosts, when she meets a ghost girl who changes everything. Not because she's a ghost, but because of what it brings out in Sophia. Soon her brother, her best friend, her old crush Jake, and her parents are all entangled together on solving the case of the dead girl. Because she's not just any average ghost girl. She also holds a piece of the puzzle to something Sophia cares about very much — what was the paranormal event that caused her parents to split up in the first place? PRE-CODE CLASSICS: ATOMIC WAR!/CAPTAIN COURAGEOUS VOLUME 1 HC

(A) Ken Rice & Various

Hey, gang! This one'll go with a BANG... what with the impending end of Planet Earth in the news. Yessir! But this four-issue volume of Ace's Atomic War! comic doesn't focus on the gentle global warming path to oblivion we're all of us currently taking, but rather the big "Hoo Boy, here comes the End of Everything!" approach we all of us figured would be the way humankind would hand in its chips, namely with mushroom clouds aplenty, bombs the size of city blocks, and floods to make Noah's problem look like he left a faucet running in the bathroom. You betcha by golly, this here's a gem of a book, comprising all four issues of Atomic War! (November 1952 to April 1953), plus the one-shot Captain Courageous from 1942 - all of 'em featuring stories and words from the likes of Ken Rice, Lou Cameron, Bill Molno, Jim McLaughlin, Chic Stone, Sol Brodsky, Harry Sahle, George Wilson and Lou Paige. Translated from the Hebrew by Tal Goldfajn

THE MERMAID IN THE BATHTUB GN

(W) Nurit Zarchi
(A) Rutu Modan
In a gorgeously retro-illustrated re-imagining of "*The Little Mermaid*," Israeli author Nurit Zarchi and illustrator Rutu Modan bring us the poignant story of a worrywart named Whatwilltheysay, whose life is turned upside down by the spunky mermaid who shows up in his bathtub one day. Through vibrant, retro-inspired images we meet an ordinary young man named Whatwilltheysay, who returns home to find Grain of Sand, a mermaid, waiting for him. Although he finds her beautiful and charming, Whatwilltheysay can't possibly fall in love with a fish — what would people say?! Broken-hearted, Grain of Sand leaves Whatwilltheysay to return to his normal life. But soon he realizes his mistake and goes to sea in search of the love he's nearly lost. An entrancing illustrated story for readers ages five to ten, *The Mermaid in the Bathtub* finally brings into English a treasure of modern Israeli children's literature. (STL128671) (C: 0-1-0)

THE ABC OF TYPOGRAPHY GN

(W) David Rault
Typography confronts us everywhere: in books and newspapers, on road signs, in product packaging, and on political leaflets. Fonts spark emotions; they evoke eras and ideologies. Some, like Edward Johnson's for the London Underground, have become iconic. Others, like Comic Sans, are loathed. Each one has its own place in history. *The ABC of Typography* traces 3,500 years of type from Sumerian pictographs through Roman calligraphy to Gutenberg, the Bauhaus, and beyond. Brimming with insight and anecdote, this witty and well-informed graphic guide explores the historical, technological, and cultural shifts that have defined the look of the words we read. A scientific expedition embarks for the frozen wasteland of Antarctica. But the secrets they unearth there reveal a past almost beyond human comprehension-and a future too terrible to imagine. By taking scientific fact so seriously, *At the Mountains of Madness* (1936), H.P. In 1899, performing in the drawing rooms of London's elite, Isadora Duncan (1877-1927) was already laying the foundations for modern dance. Her performances were visceral, free-flowing, and expressive; she danced barefoot. In *Isadora*, Julie Birmant and Clément Oubrerie capture the astonishing life and scandalous times of the so-called "Mother of Modern Dance" from her arrival in Europe to her tragic death in 1927. This extraordinary graphic novel spans Duncan's meetings with Auguste Rodin and Loie Fuller, her dazzling on-stage career, and the development of a style of dance, inspired by natural forms and Greek sculpture, that would become her enduring legacy. Legendary writer/artist Frank Miller puts a unique spin on the Arthurian mythos in this illustrated young adult novel! Whosoever wields the Sword of Power shall be the one true King. But what if the Sword has chosen a Queen? Nimue grew up an outcast. Her connection to dark magic made her something to be feared in her Druid village, and that made her desperate to leave. That is, until her entire village is slaughtered by Red Paladins, and Nimue's fate is forever altered. Charged by her dying mother to reunite an ancient sword with a legendary sorcerer, Nimue is now her people's only hope. Nimue teams up with a charming mercenary named Arthur and refugee Fey Folk from across England. She wields a sword meant for the one true king, battling paladins and the armies of a corrupt king. She struggles to unite her people, avenge her family, and discover the truth about her destiny. But perhaps the one thing that can change Destiny itself is found at the edge of a blade. CURSED: THE PREVIEWS Q&A WITH FRANK MILLER

This September, in conjunction with a 10-part Netflix original series, co-authors Tom Wheeler and comics legend Frank Miller (*300, Sin City, The Dark Knight*) will bring their unique new twist on the legend of King Arthur and the sword Excalibur to the masses with their Young Readers illustrated novel, *CURSED*, released by Simon & Schuster.

The book approaches the legend of King Arthur from a very different angle, focusing not on the destined King of the Britains, but the "Lady of the Lake" herself, Nimue. Featuring color and b&w illustrations from Miller, its an all-ages tour de force not to be missed!

In anticipation of the book's offering in *PREVIEWS* this month, we spoke with Frank about the project, the Arthurian legend, and working with his co-author, Tom Wheeler...

• • • • • • • • • • • •

PREVIEWS: The last decade has seen a number of King Arthur adaptations, among them the BBC's* MERLIN, *the films* KING ARTHUR: LEGEND OF THE SWORD, THE KIND WHO WOULD BE KING, *even* TRANSFORMERS: THE LAST KNIGHT. *What sets* CURSED *(both the illustrated novel with Tom Wheeler) and the forthcoming Netflix series apart? What do you see as the appeal of the Arthurian legend?

Frank Miller: It is a feminist retelling of the Arthurian myth. The appeal of the legend does have it all. That's why it's been the source of so many versions. It can be told in terms of politics, magic, war, romance. It also features great villains and great heroism.

***P:* CURSED posits a unique spin on the Arthurian legend — instead of Arthur wielding the mystical sword, it's Nimue, known in the legends as the "Lady of the Lake". What makes her a compelling character, and what does this change mean for the story?**

FM: It puts a young woman at the center of the Arthurian myth. It gives us a previously unimagined history and meaning to the Lady of the Lake and the journey of the sword Excalibur.

P: How did you and Tom Wheeler come up with the idea of* CURSED*? How did ideas develop between you? How collaborative was the writing and illustration process?

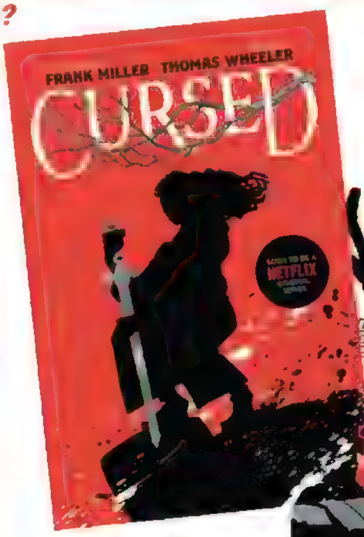
FM: Tom is an easy man to talk with and is as fanatical a researcher as I am. This is material that I've loved as a fan, a storyteller and a visualist since I was a child, so it was a natural fit drawn out of conversations. For me it's an opportunity to be a close collaborator and for the first time a book illustrator.

P:* CURSED *is also coming to Netflix as a ten-episode series with Katherine Langford* (13 Reasons Why) *as Nimue. What has the creative process on the television series been like? Has working on the TV series had an influence on the novel and vice versa?

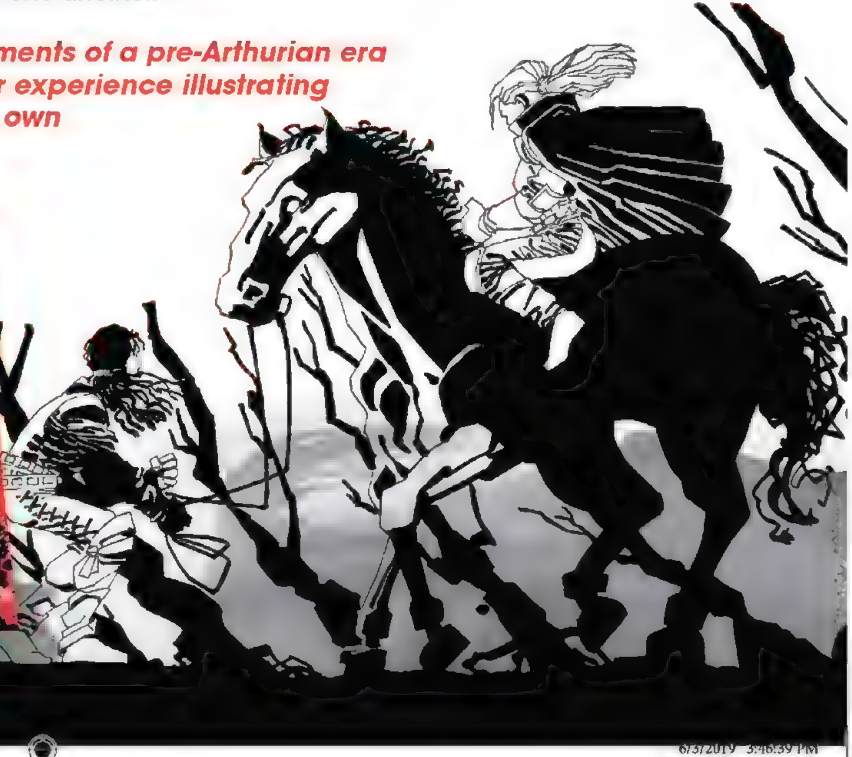
FM: Yes, there has been give and take, back and forth between both representations of the story. The originality in the process has lied in the organic meshing of both reinforcing one another.

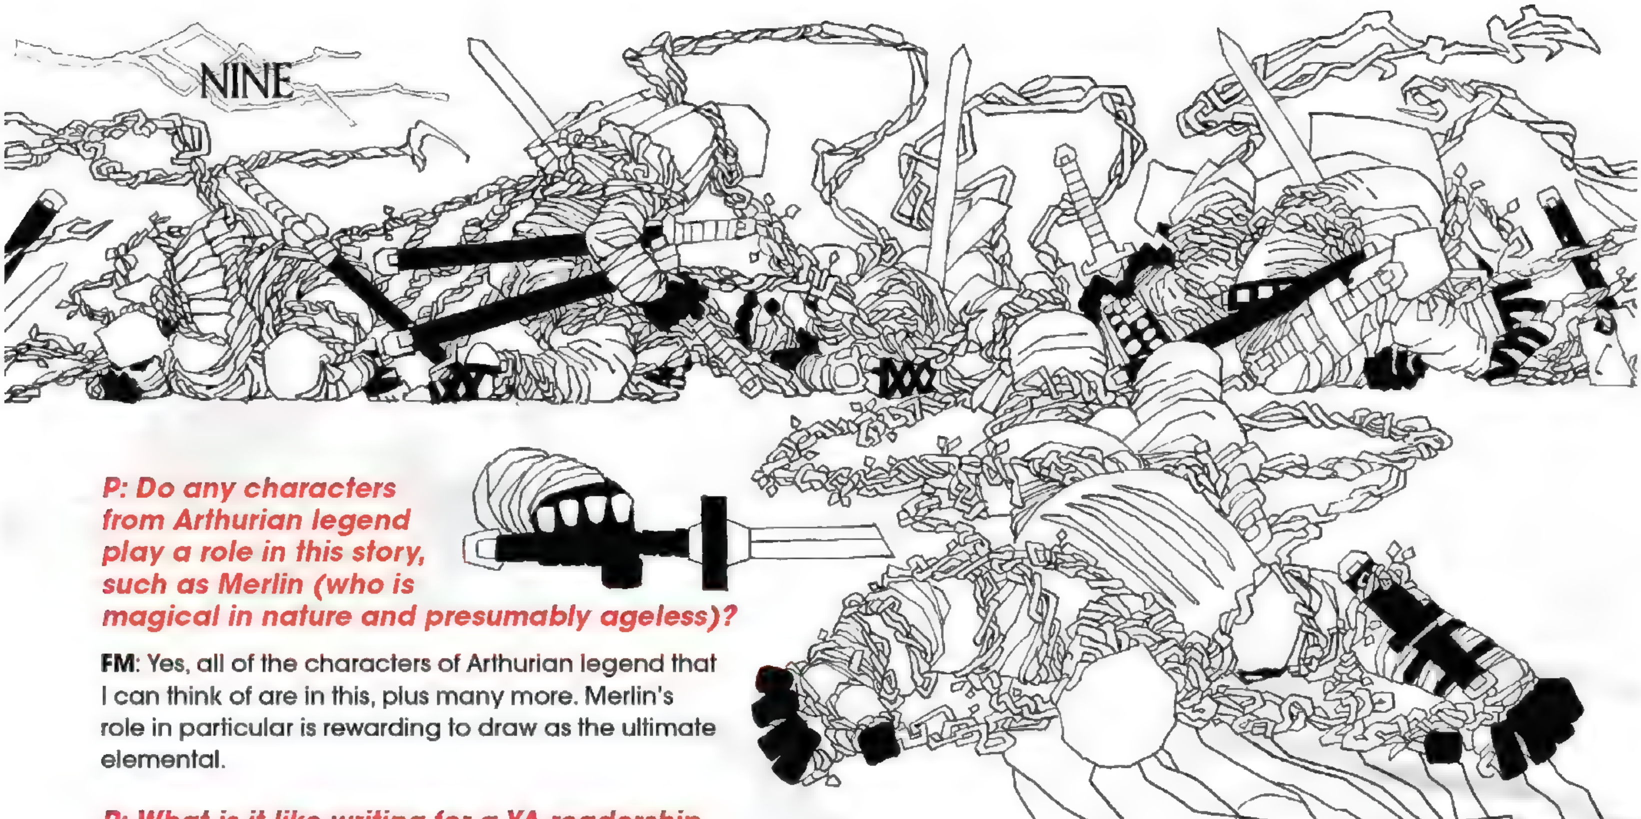
P: Obviously, the fantasy and high adventure elements of a pre-Arthurian era are right in your wheelhouse. What has been your experience illustrating another author's work after mainly covering your own projects for many years?

FM: It's been fun, and it's been a good stretch. A project like this makes me research and when I research, I learn. It's been an opportunity to study illustrations from the past particularly Arthur Rackham's who visualized Arthurian legend definitively.



FRANK MILLER THOMAS WHEELER
CURSED
SOON TO BE A NETFLIX ORIGINAL SERIES

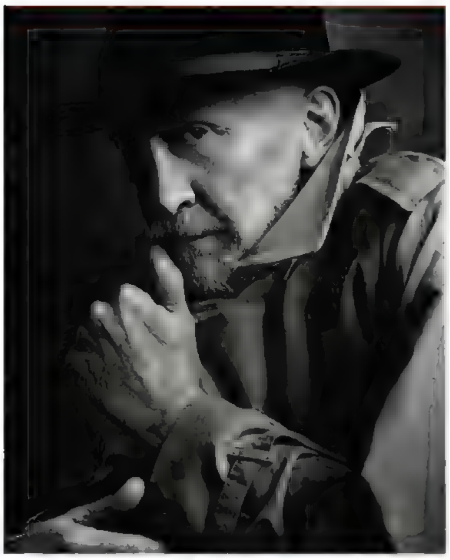




P: Do any characters from Arthurian legend play a role in this story, such as Merlin (who is magical in nature and presumably ageless)?

FM: Yes, all of the characters of Arthurian legend that I can think of are in this, plus many more. Merlin's role in particular is rewarding to draw as the ultimate elemental.

P: What is it like writing for a YA readership under the Simon and Schuster Books for Young Readers imprint?



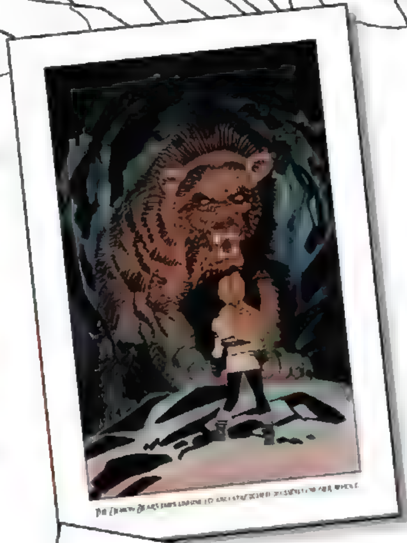
Frank Miller (photo by Sophy Holland)

Thomas Wheeler (photo by Matt Mindlin)

FM: Working within new parameters was exciting to learn to serve the story and the audience we want to reach.

P: Does an illustrated novel fulfill the story for you and the readers without the television series? If you are trying to bring in comic book readers, would they be readers of FABLES or CAMELOT 3000?

FM: Yes, it is a complete entity. It should appeal to all readers. We are aiming for the book to be a family heirloom or at least a nifty Christmas present.



P: Will there be a follow up to this book and are there plans for a graphic novel adaptation or comic series? If so, who would you like to see as the illustrator if you were not the artist?

FM: The book is its own goal at this time.

P: CURSED is another look at the Arthurian legend. Are there other books you'd recommend fans read as well?

FM: I would recommend *IDYLLS OF THE KING* (by the English poet Alfred, Lord Tennyson) and *THE ONCE AND FUTURE KING* (by T.H. White).

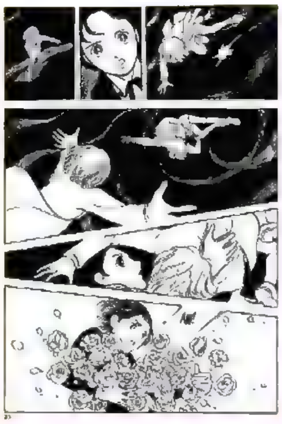
MANGAPEDIA: MOTO HAGIO, "THE MOST BELOVED SHŌJO MANGA ARTIST OF ALL TIME"

FROM FANTAGRAPHICS BOOKS

In the early 1960s, the genre of Japanese girls' comics — *shōjo manga* — had become formulaic and unremarkable. A pivotal member of the "Magnificent Forty-Niners" and now a living legend of the medium, **Moto Hagio** revitalized the *shōjo* genre with a series of whip-smart, psychologically complex, and tenderly poetic graphic stories.



Many recurring motifs reveal themselves in Hagio's manga. One, of course, is childhood trauma and dysfunctional families. Another related motif is genetics, heredity, and environmental factors in psychological growth. And, while Hagio is equally adept at working in the modes of science fiction and "realism," almost all her major works take the form of a mystery.

Fantagraphics Books is delighted to present a series of works from the awe-inspiring oeuvre of Moto Hagio in English for the first time, so that current readers can experience firsthand the legacy of a "founding mother" of modern shōjo manga!

TOY TALK: CHRIS GASLIN

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Dark Horse Director of Product Development*, CHRIS GASLIN...

PREVIEWS: What's your origin story? How did you get involved in the toy and collectible industry?

Chris Gaslin: I'm born and raised in Portland, Oregon and had always contemplated working for Dark Horse Comics. I didn't read a ton of comics growing up, but I did always have a bit of a collector in me when it came to toys and figures. When I graduated from PSU with an art degree, I was hunting for a job, and there just happened to be an opening in the sales department at Dark Horse. Sales would not have been my first choice, but it was a way to get my foot in the door. I always envied the people that produced the amazing products we were selling, and always told myself, if there was ever an opening in the product development department, I would go for it, because I really craved getting into something that would let me show a bit more of my creative side. After a couple of years cutting my teeth in the sales department, I finally had my chance. I was brought on board by the legendary David Scroggy, and that was over 10 years ago now!

P: Dark Horse has licenses for some huge properties like GAME OF THRONES and WITCHER. What are some other licenses Dark Horse has that collectors can get excited about?

CG: *Umbrella Academy*, *Hellboy*, *Anthem*, we additionally have a number of really exciting new video game licenses that have not been announced as of yet, but if you like the *Witcher* line of figures, and our *Mass Effect* and *Halo* ships, then you should be excited about what is to come from Dark Horse!

P: With GAME OF THRONES signing off, what are some products from Dark Horse that you would recommend to anyone missing Westeros?

CG: The 7-inch *Iron Throne Replica* has been a constant seller, and now we also feature a smaller, more affordable 4-inch *Iron Throne* as well. We have a great new *Premium Jon Snow Figure* that is a bit larger, and really nails the character likeness even more so than our previous *Game of Thrones* figures. Look for more key character figures going forward! We will also have a really cool collectible *Dragonstone Stein*, as well as an *Iron Throne Business Card Holder*!

P: Dark Horse makes awesome replica ships from properties like MASS EFFECT and HALO... what is the design process on these? How do you bring these to life?

CG: Working with great companies like Bioware and 343 Industries is fantastic when it comes to the type of in-game files they're able to provide to us. This really makes the digital sculpting and 3D printing process a lot smoother than it would be otherwise. The sculptor is able to know exactly what Dark Horse and the game studio is looking for in regards to the overall design and look to each ship replica, and then is able to alter the game files into a 3D printable prototype. The process with CD Projekt Red and the sculpts for the *Witcher* figures is also very similar in this regard. When you are able to use game files created by amazing developers, it just helps in capturing the character likeness and other finer details in the sculpting process.

P: What are some of your personal favorite Dark Horse products?

CG: The whole *Witcher* figures line, the multiple series of *Domo Qee* blind-box figures we produced, *Mass Effect Ship Replicas*, the *Disney Classic Characters*, and *Uncle Scrooge* line of syroco-style statuettes that we did, the *Umbrella Academy* comic figure set (best packaging!), then of course there's some of my favorite *Game of Thrones* collectibles over the years like *The Night King Bust*, *The Hound Bust*, the *Tyrion Statue*, and the *Direwolf Bookends*!

P: Any future plans collectors should be looking forward to?

CG: Look for lots of great *Umbrella Academy* and *Hellboy* collectibles to be released into the world for sure! Also, even though *Game of Thrones* has ended, and the *Witcher 3: Wild Hunt* game is a few years old now, these both continue to sell strong for Dark Horse, and our plan is to release more exciting new collectibles from these franchises into the foreseeable future! Lots of other great new licenses that we are still in the process of signing so can't really talk about yet, but we are really pumped about!

BATMAN ANIMATED SERIES BATMAN OPENING SEQUENCE VER. ARTFX+

Batman: The Animated Series was created in the wake of the success of Tim Burton's Batman films in the 90s. The series enjoyed widespread acclaim thanks to the dynamic animation by Bruce Timm, its Noir inspired aesthetics, and its darker tone that appealed to adult audiences. Now, in honor of the 80th anniversary of Batman the animated version of the timeless hero is coming back to the ARTFX+ series for the first time in three years.

The statue's design is based on the iconic title sequence of the series, when the Dark Knight appears on a rooftop in Gotham City with a bold flash of lightning. The vignette style base resembles the skyline of Gotham City, with a sculpted Bat Signal shining against the nighttime scenery and three dimensional electricity effect parts that give the statue an atmospheric appearance.

Even to this day, the Batman stands at the ready to take down the evil that lurks in the darkness!

Who's the STRONGEST?
DC COMICS

DC COMICS TOP TRUMPS

Here at Top Trumps Towers we've spent entire days wondering who'd trump who in a match-up between Superman and Batman, but the only thing we all agreed on is that it would be awesome. So, we've made *DC Universe Top Trumps* as a way to settle it. Batman trumps Superman on Fighting Skills, by the way. Did you know that Superman once fought Muhammad Ali - and lost? Sure, it was in a comic book, but they all count. There, that's settled it once and for all. Although Superman beats Batman wins on Strength. And Speed. Arggghhh... back to the drawing board. JAMES BOND

SPECTRE: DAY OF THE DEAD MASK LIMITED EDITION PROP REPLICA

As seen in the *Día De Muertos* opening sequence of *SPECTRE*, the mask is worn by Bond (Daniel Craig). The distinctive skull shaped mask was designed by Jany Temime, winner of two Costume Designers Guild Awards, and the end result is a singular prop that is pivotal to one of the most visually striking and memorable scenes in recent cinema! The molds for this replica were cast directly from the original prop in the EON archives and each replica is hand made to exacting standards in order to create a museum quality facsimile of the original. Although visually identical to the original prop, the replica has been cast in heavyweight epoxy to create a more durable display item. The replica incorporates the same articulated jaw mechanism and eyeglass arms as the original prop. It also features a fully flock-lined interior. The edition size for this replica is just 500 pieces worldwide. Each replica includes: Prop story booklet, which incorporates a certificate of authenticity, Wooden display stand, Numbered limited edition plaque, and an elastic safety strap and comes packaged in a printed box. Please note: This replica is intended for display only. The original prop was custom fitted to Daniel Craig and so, by design, will only precisely fit him.
